

ERC Selection Process

Philippine Health Research Ethics Portal

ERC Selection Process

Institution Based

- Check if Institution has an affiliated ERC
- Search for appropriate ERCs within the region of the Investigator's institution
 - Count the number of ongoing proposals in each ERC
 - Assign proposal to ERC with least number of ongoing proposals
- If no ERC is found the proposal is submitted to NEC

Community Based

- Check if investigator's institution is within the indicated region and has an affiliated ERC
- Search for appropriate ERCs within the region indicated in the study
 - Count the number of ongoing proposals in each ERC
 - Assign proposal to ERC with least number of ongoing proposals
- If no ERC is found the proposal is submitted to NEC

Community Based

- Community based > nationwide(new selection option in region dropdown) > government funded >
- Check institutional affiliation of researcher
- If institution has an ERC submit to that ERC
- If none submit to NEC
