Natural Products Research Program: Drug Discovery and Development

RATIONALE

- CLHRDC being the heart of Luzon allows interconsortium collaboration
- Region 3 has rich resource of flora and fauna
- Alternative medication is being used by marginalize and indigenous people
- Production and utilization of less expensive drugs can be developed to respond to the problem on multi-drug resistance

the PNHRS to generate a big number of proposals in the next six months?

PNHRS should:

1. Look into the merit of the Consortium proposals.
2. Take advantage of the initiative of researchers
3. Give assistance in identifying research mentors, collaborators, experts in the field.
