

About PCHRD

The Philippine Council for Health Research and Development (PCHRD) is one of the three sectoral councils of the Department of Science and Technology (DOST). It is a forward-looking, partnership-based national body responsible for coordinating and monitoring research activities in the country.

PCHRD was created on March 17, 1982 through Executive order No. 784. In 1987, Executive Order No. 128 reaffirmed its existence and relevance. This directive reorganized the National Science and Technology Authority into what is now the Department of Science and Technology.

PHILIPPINE COUNCIL FOR HEALTH RESEARCH AND DEVELOPMENT

BREAKTHROUGH TECHNOLOGIES AND KEY PROGRAMS AND SERVICES

Tuklas Lunas Program

- A program which envisions to produce safe and accessible medicines derived from natural sources

Omic Technologies for Health

- Uses Omics technology platforms to develop personalized medicines, diagnostics, and therapeutics

Biotek-M

- A confirmatory test for dengue diagnosis designed for hospital use
- Affordable alternative to the currently available Polymerase Chain Reaction (PCR) technology

Agapay Project

- A 3D-printed wearable robotic exoskeleton that provides post-stroke and injured patients with a cost-efficient and high performance treatment option

ReliefVent

- A compact, affordable, safe, and effective Intensive Care Unit (ICU) ventilator that can be used for both children and adults

FASSTER

- A user-friendly web application tool for disease modeling and syndromic surveillance visualization of Dengue, Typhoid Fever, and Measles

Project Management System (PMS)

www.projects.pchrd.dost.gov.ph

- An online submission, approval, and monitoring platform for health research proposals/projects

Health Research Information and Development Network (HERDIN)

www.herdin.ph

- An online database that provides quick and easy access to more than 65,000 citation and bibliographic information from published and unpublished health researches in the Philippines

Traditional Knowledge Digital Library (TKDL)

www.tkdplph.com

- The national electronic database that provides access to old and new documentation on traditional knowledge and practices on health of the indigenous and cultural communities of the Philippines

Philippine Health Research Registry (PHRR)

www.registry.healthresearch.ph

- A publicly accessible database on health researches and clinical trials being conducted in the country
