- **Understand the basics of branding and it's importance in creating communication materials.**
- Understand the differences between print and web (digital).
- Learn the foundations of layout to create effective communication materials.
- Understand the standard tools in creating creative collaterals.

What is branding?

- Brand: A promise about who you are and what benefits you deliver that gets reinforced every time people come in contact with any facet of you or your business.
- Brand Identity: The marks that visually represents your brand.
- Branding guidelines: A set of rules that defines how to properly use your brand in different mediums.

Sample brand guidelines

International
Container Terminal
Services, Inc.

Identity and Branding Guidelines

Core logo elements - measurement

Definition of terms

Identity - All visual elements - graphic and typographic - and the way they are presented make up the ICTSI identity.

Signature - The ICTSI signature is made up of the ICTSI crane icon, the ICTSI letter form and the ICTSI "Excellence Uncontained" tagline.

Final Artwork - The final artwork is the master copy of the ICTSI signatures with correct proportions and measurements provided for printing or other PR/marketing needs.

Core logo elements

The ICTSI official logo signature is composed of the crane icon, the orange

Sample materials based on proper branding.
