# IP Opportunities & Challenges

- University Mission & Vision: Instruction & Formation, Research and Service
- IP is based on Innovation and solid S&T
- IP is a Business decision for the innovator (researcher) and institution
  - Mandate vs. Sustainability
  - Combine IP with Mission & Vision
  - Various modes of IP
- IP in Health Sector
  - Interdisciplinary
  - Broad scope: drugs, diagnostics, public health, wellness & functional foods, and others
