

Session on Governance and Resource Mobilization

Review Proposal Process

The scoring systems/criteria should be included in the enhancement of the Criteria for evaluation of the consortium's performance.

Serve as input in capacity building.

Separate in the criteria: proposals reviewed and proposals funded.

Review the proposals based on the RUHRA/NUHRA priorities

Properly turn-over the proposals to the regional directors – this is in case of change of administration

Proposal Review Process

Length of Review of External Consultants

- Some regions (CARAGA) project proponents not able to respond to comments of reviewers
- Consortium to come up with guidelines for review process.

Proposal Review Process

Health Research Mentorship

- High school students active in research (CARAGA)
- Communities (women) conducting research (Region 9)
 - High School students to be mentored by Professionals
 - Can PCHRD fund research like this?
 - Authorship (anybody who has a major contribution should be recognized as an author)
 - The Memorandum of Agreement should include the IP issues
 - For fund sourcing (the mentor can serve as project leader)
 - Consider Funding for Student Researches

Organizational Structure

- What is meant by full time manager?
 - There is an assumption that a full time personnel would result to accomplishment.
 - Contractual position – can go anytime.
 - Eastern Visayas – VISCA provided plantilla position.
 - What are the responsibilities of the full time manager. What is the operational definition.
 - PCARRD experience – full time staff assigned by SUC
 - Western Mindanao experience – put a personnel
 - To sustain consortia – to do creative things.
 - In Davao full time means– staff has to do everything

Organizational Structure

- Make a description of responsibilities for a full time manager.
- Make a full time plantilla position.
- Provide a research environment.

Sub committee issues

- There should be a strong ethics review committee.
 - Ethics Committee – can be made stronger by invoking institutions to create their ethics review committee.
 - During review ERC and RMC meet as one.
 - Retain mandated committees separate functions/responsibilities.
 - Ethics Committee's functions /relationships between ERC with institutions to be strengthened and link with a regional review board, if there is any.

Strategic Plans

- All consortiums have strategic plans
- Activities done as scheduled
 - The utilization of funds should be extended to comply with DBM.
 - Inform the regions that the budget of funds will start every fiscal year-January.

Research Utilization

- Provision of equipment outlay (computers) to consortia (include in the budget proposal)
- Consider Cloud computing as an option
- To strengthen the RICUC
 - If the RICUC committee will function, then database and resource utilization can be taken care of.
 - And That all member-institutions should have their database

Resource Mobilization

- Consider Fund sources such as:
 - DOST (GIA)
 - CHED
 - DOH – 2% of the MOOE to be set aside for research.
 - Dept. Order 2008-0086
 - Other fund sources

Best Practice that is Key to Success

- Strong partnership of DOST and DOH
- Strong focal person in the pillar institutions

THANK YOU!
